## COLORADO CHILDREN'S CAMPAIGN ANNUAL LUNCH & LEARN SERIES

The Colorado Children's Campaign, the state's leading voice for kids, invites you to join us at our 2014 Lunch and Learn series for policy makers, community leaders and child advocates. We will take an in-depth look at how children in our state are faring, and what that means for Colorado today and in the future. Research and policy experts from the Children's Campaign will present research, data and policy updates on K-12 education, child health, early childhood development and learning and our annual *KIDS COUNT in Colorado!* report.
